

Session 3: Agenda and methods

Setting the scene

Getting acquainted

Our road of knowledge and mutual understanding on national and regional qualifications frameworks

Speaker: Eduarda Castel-Branco

This project is co-funded by the European Union and the
Federal Ministry for Economic Cooperation and Development

Welcome

- All participants onsite and online
- Participants from more than 28 African countries and several international organisations

Multilingual event

English-French-Portuguese

Please use the interpretation devices (onsite) and on Zoom choose the language.

We have presentations in the 3 languages!

01

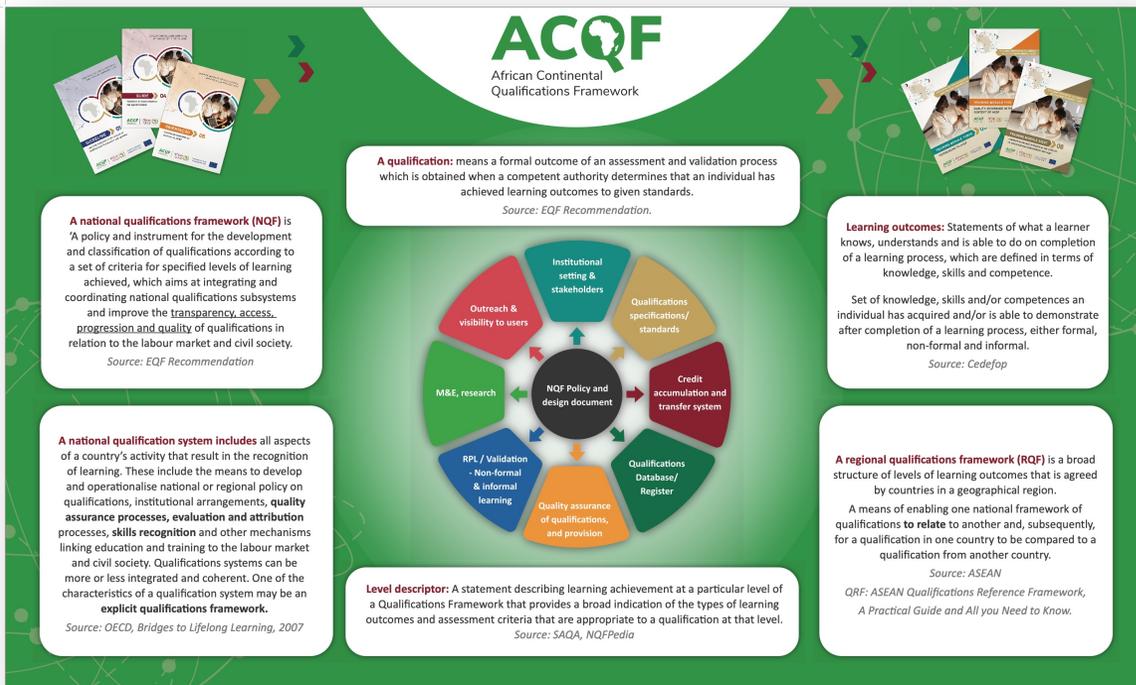

Objectives

Objectives

- Skills, qualifications and frameworks for mutual trust in a changing world

Change-adapt-strengthen for sustainability

- ✓ Refresh, deepen knowledge and understanding on linkages of components / themes of Qualifications frameworks / systems
- ✓ Share practical cases / experiences - increased mutual trust
- ✓ Motivate and encourage countries to develop and implement NQF-NQS - pool of trained persons from public institutions
- ✓ Explore innovative approaches, tools and methods supporting the adaptation of skills and qualifications frameworks / systems to new demands of our changing world
- ✓ Learn about ACQF

02

**The people: trainers,
facilitators, guest speakers**

The People (in: *Book of Speakers*)

Interpreters' team (Timothy Tieku – coordinator)

03

Agenda: a road

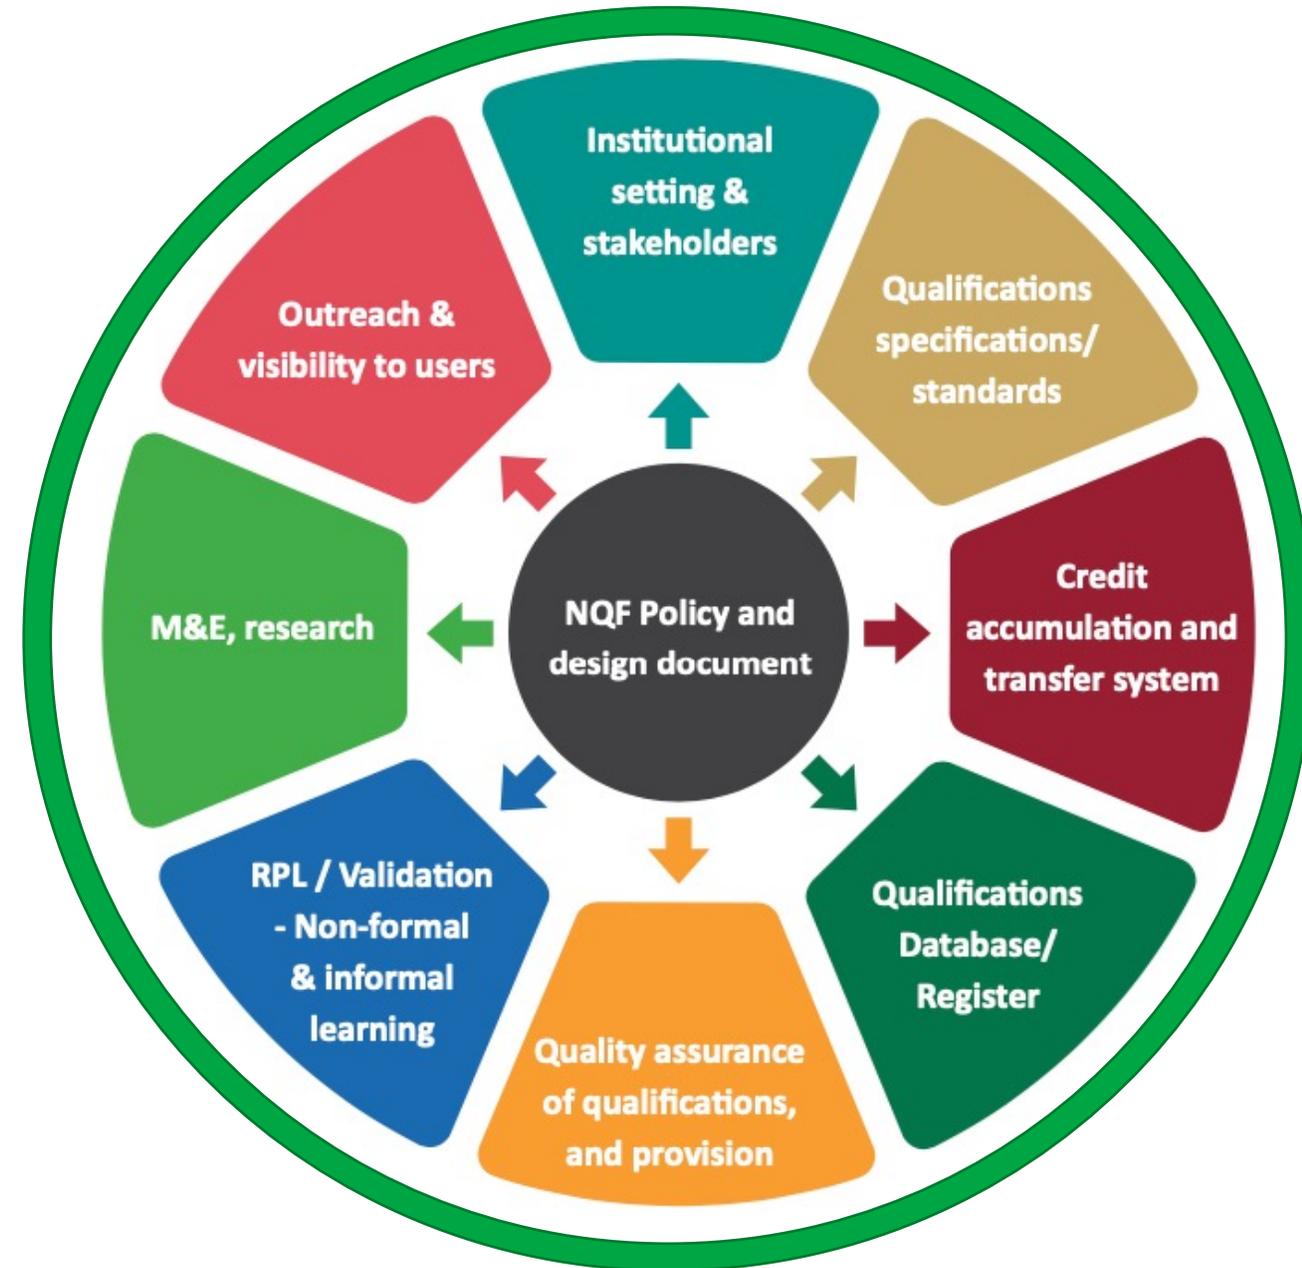

Learning journey

- 5 days (5h)
- 32 sessions (including opening, closure, polls and Q&A)
- 18 key thematic sessions
- 7 country and regional African cases
- 3 working group sessions / practical application
- 9 ACQF trainers
- 11 guest speakers

The model: NQF in a systemic view

- In our agenda we tackle most of these themes and components of the **systemic view**
- 10 ACQF Training Modules elaborate on all the themes
- Session 5 (today) addresses most of the themes – further unpackaged and deepened throughout our 5 days training programme

Learning Journey

Day 2: Qualifications.
Learning outcomes,
descriptors. Develop.
LM intelligence

Country
case:
Ethiopia

Day 5: M&E.
Referencing.

Country case:
Botswana

Day 4:
Recognition.
**Quality
assurance**

Country
cases: Cape
Vert. SANQF -
SAQA

Digital
Certificate
attendance

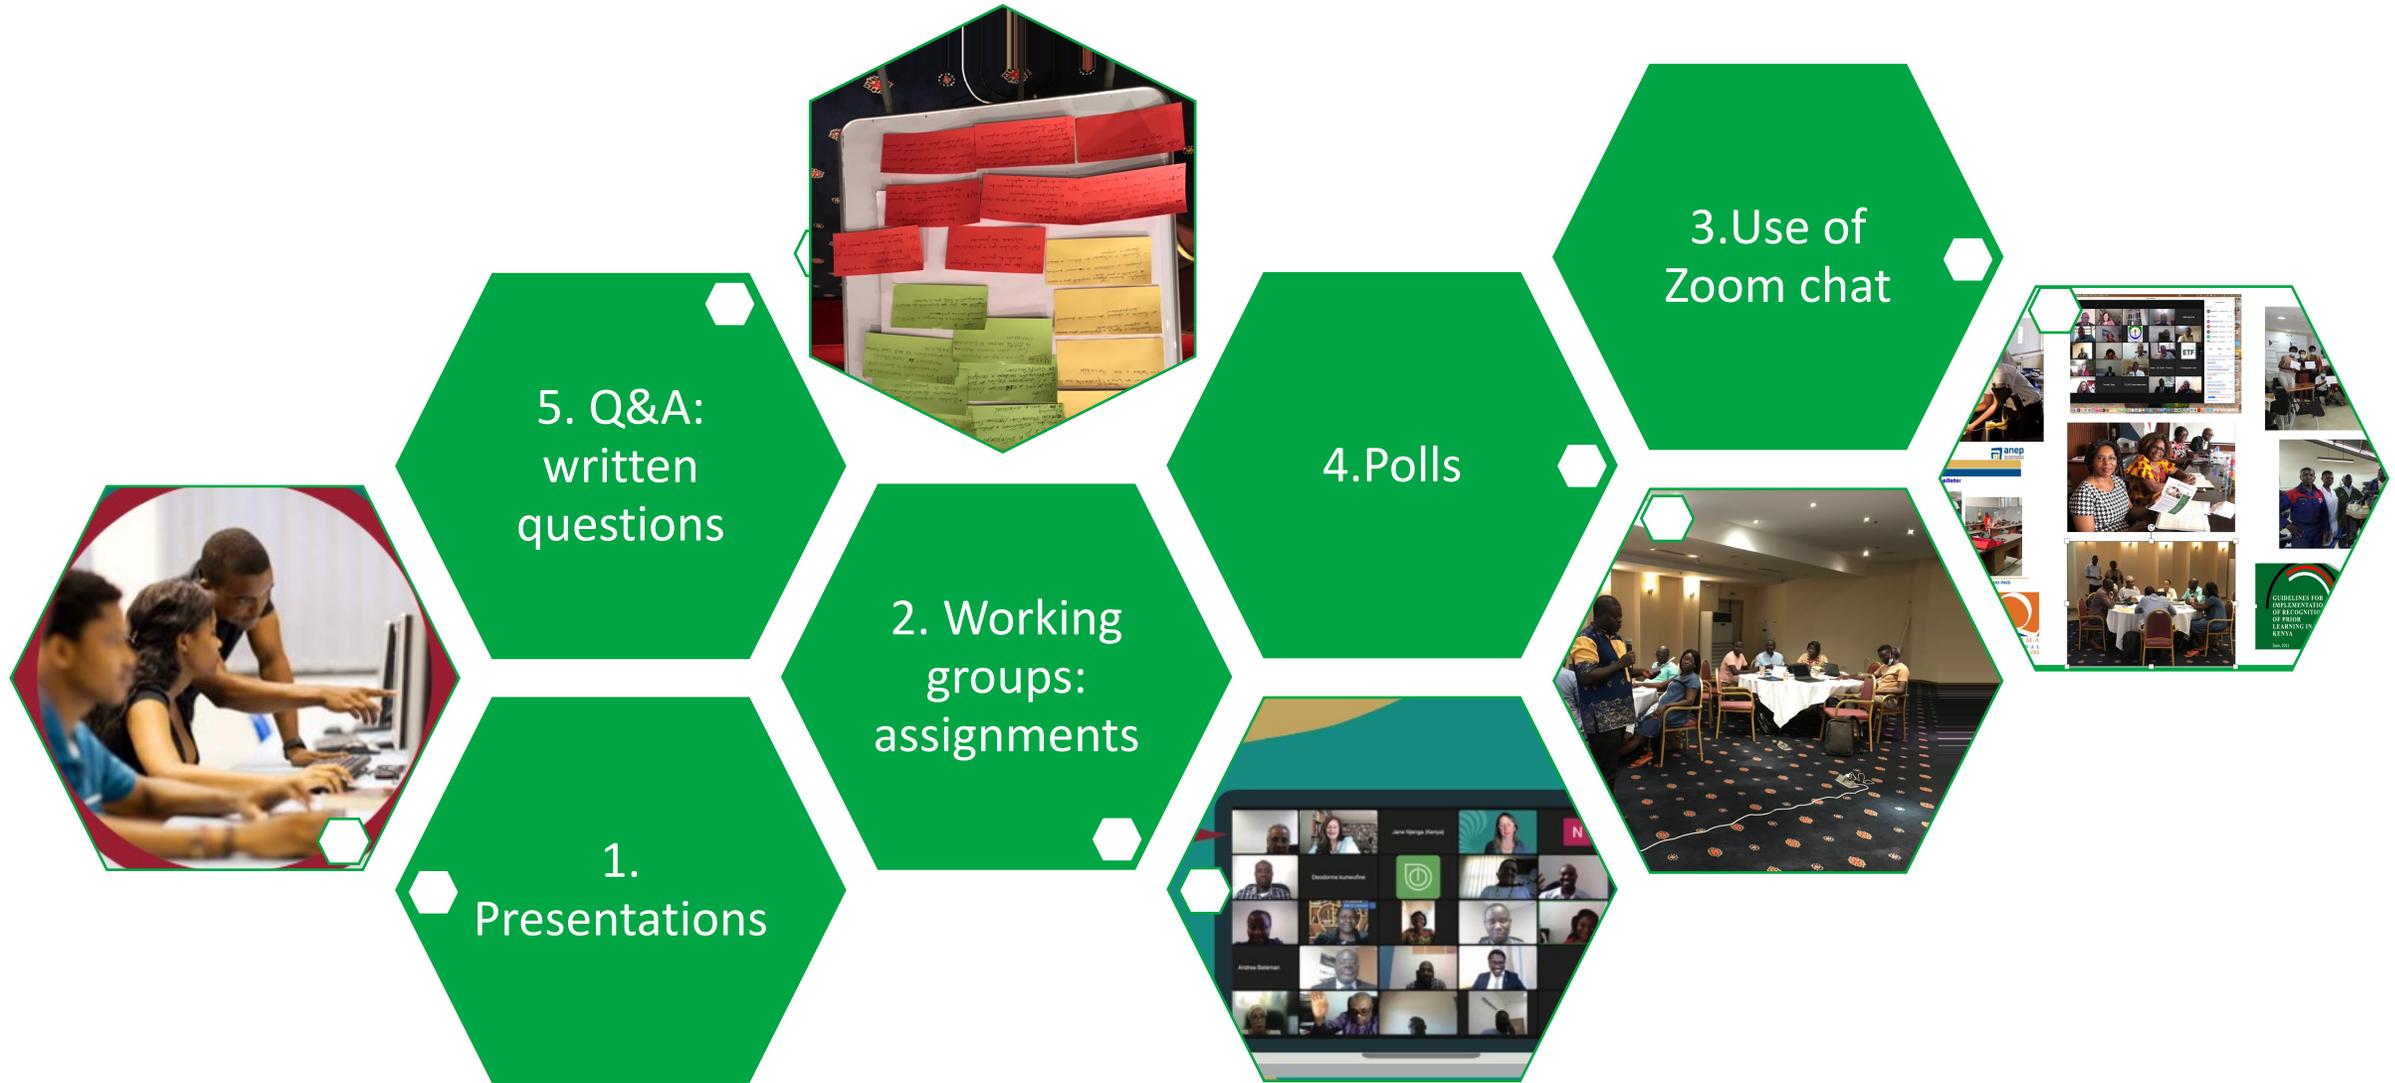

Day 1: NQF-
systemic view.
Build & govern
NQF. Compare
NQFs.

**Day 3: Validation of
learning-RPL, CATS.**
Registers qualifications,
ESCO

Regional case:
IGADQF. 2 country
cases: Cameroon,
Kenya

How will we work?

Your questions – comments - ideas

Online participants: use Zoom chat

Onsite participants:

- Short clarifications: ask
- Elaborated and analytical questions, issues: written (cards on the tables) – visualised on soft board; addressed / replies on Q&A session (1st and last of the day)

- **Session 4:** Main concepts on occupations, skills, classifications
- **Session 5:** Focus on NQF – systemic view. Global trends
- **Session 6:** Building and governing the NQF
