5. OBJECTIVES OF THE SNQ PROGRAMME

5.1 NATIONAL QUALIFICATIONS FRAMEWORK

Objectives

1. Raising the level of qualification of the Angolan population, promoting access, evolution and quality of qualifications
2. Improve the articulation and approximation between education, vocational training and the labour market and understanding the paths of qualifications by each individual
3. Increase national and international comparability and transparency of qualifications
4. Determine the learning outcomes associated with the different levels of qualification

Proposal of NQF structure

- > Levels: Forecast of 10 Levels
- > Scope: Primary Education, Secondary Education, Higher Education and Vocational Training
- > 3 Domains: Knowledge, Skills and Autonomies and Responsibilities

Achievement target by 2020

- > Legal Framework of the National Qualifications System developed and approved
- > National Qualifications Framework structured and approved

5.2 NATIONAL QUALIFICATIONS CATALOGUE

Objectives

1. Integrate, standardize and homogenize the training offer of technical education and vocational training
2. Adapt the national training offer to the needs and requirements of the labor market and the productive sector
3. Ensure greater involvement of key actors in identifying and anticipating skills and competence needs
4. Improving the attractiveness and quality of Technical Education and Vocational Training
5. Provide benchmarks for RVCC (RPL) processes

Achievement target by 2021

- National Catalogue of Qualifications prepared and approved
- Preparation of 10 professional qualifications (3 Professional Families)

5.3 PROCESSES FOR RECOGNITION, VALIDATION AND CERTIFICATION OF COMPETENCIES

Objectives

1. Valuing and recognising the skills already acquired by adults – through education, professional experience or other
2. Boosting adult education
3. Enable the continuity of studies/training
4. Identify and recognise the professional skills that the citizen may have

Achievement target by 2022

- Elaborated and approved RVCC processes
- 15 Pilot experiences of RVCC carried out

5.4 ANGOLA NATIONAL QUALIFICATIONS AGENCY

Objectives

1. Promote and ensure the management and permanent updating of the CNQ
2. Boosting the functioning of the Technical Sectoral Councils
3. Develop and manage RVCC processes
4. Promote relevant, diversified, certified and quality training offer
5. Strengthening the image and appreciation of Technical Education and Vocational Training
6. Promote the identification and anticipation of the needs of qualifications and competencies fundamental to the development of Angola

Achievement target by 2022

→ Creation and installation of ANQA

6. ACTION PLAN 2020 - 2022

2020

- Identification of good practices related to National Qualifications Systems
- National training, dissemination and awareness raising seminars with the social partners
- Preparation and approval of the Proposal of the Legal Regime of the National Qualifications System and its instruments
